Updated Support Broker Applications

Recently, the Family Direction and Self-Direction program have separated initial and continuing qualification application for support brokers who serve both children and adults. Please find these new applications on either the FDS or SD websites and send to the appropriate email address(es).

Note:

- Continuing Qualification Applications will be sent to each program; one to FDS and one to SD,
- Ongoing Training hours continue to be 12 total annual hours as is stated in IDAPA 16.03.13.135.03,
- The same 12 hours can be noted in both applications.

Contact Rachel Johnson at 208-334-0603 if you have any questions.

Therapy Evaluations

When submitting a request for goods recommended as a result of a therapy evaluation, consider submitting a current status review or evaluation discussing the identified need. This will help the case coordinator when reviewing the needs of the child and may assist in a quicker review of the request. If an eval is not on file, this will likely be requested to support the request.
